Rise Up and Build

On May 17th we gathered as a church, reviewed our finances, discussed our vision, and voted to rise up and build. After saving towards this project, we finally took the step to begin construction.

This project will do several things. First, it will increase our seating capacity 3-4 times. Second, it will give us a brand new kitchen. Third, it will give us a brand new roof. Lastly, it will provide various improvements including: new sanctuary floor, new drop ceiling throughout, new paint throughout, newly designed facade and entryway, and more classroom space, among others.

We have a desire to finish the project by making our backyard safe and usable for kids and church functions. If you are interested in getting involved there is still time.

Thank You

Many thanks to the churches and individuals who responded to our building fund need. Your generosity has moved us forward and will not be forgotten.

Highways and Hedges

We have continued to pound the pavement and go out into the highways and hedges trying to reach others for Christ. We currently have 5 Bible study groups going and actively evangelize publicly every week.

In the past few months we have seen people saved in our San Cristobal Bible study, others saved in our Bello and El Machete groups, and even seen some saved in our door to door visitation. Praise the Lord! God is blessing and saving souls in Colombia.

Come on Down!

We have been blessed by some recent visitors. Our good friends Arnie and his wife Paola from Miami came down and encouraged us greatly by getting involved however they could. Please know that there is an open invitation to all willing souls with servants' hearts to come on down. We are confident that your time invested here will impact your life. When considering a mission trip, please remember Colombia in your prayers.
