

THE GEROSINS

Capturing **COLOMBIA** *for Christ*

Brian Knox arrives

Katie, Michelle, and Marivel

Saved in the mountains

Brian Knox

My wife Katie and I had prayed for years about having an English ministry. We had tried to do it but things never seemed to come together. God answered our prayers. Brian Knox, a retired audiologist (hearing specialist) and English professor, surrendered to come to Colombia and spend his golden years helping us begin and run this ministry. We are very excited to use this as an evangelical tool to reach young people for Jesus Christ. Pray, as we intend to begin classes early this year.

Mountain Mission

Our two faithful workers Javier and Liliana, in charge of our mountain mission in El Brasil, recently had a special Christmas service. They invited me to come and preach. We had an excellent turnout and I preached about "The Most Precious Gift." Afterwards, Sara and Angela responded to the invitation and were born again. Pray for this work as our desire is to convert it into an independent church.

Making Disciples

Katie is a wonderful witness for Christ. She had been praying for one of my daughter's martial arts classmates Marivel for years. In addition, God put Michelle, the daughter of one of our current church members on her heart. She prayed, witnessed, and waited on the Lord. At a recent salvation Sunday at our church both came and both accepted Christ as Savior. What a blessing! Now, she is enjoying discipling these two new believers. Pray for their spiritual growth and maturity.

Stirring the Waters

One of the signs of what a wonderful year 2021 has been is the amount of people we have seen follow the Lord in Believer's Baptism. Recently, we added 5 more to that number for a total of 24 this year. All of them are people actively being disciplined either by myself or others in our church. God called us to win them, baptize them, and make disciples. Praise God He's stirring the waters!
